Capacity and Connection Fees Adopted by Resolution 2022-25 (See notes on next page)

[1] Both fees proposed under authority of California Government Code 66013.
[2] The fees in this schedule, including the footnotes, shall be adjusted every July 1 by the change in the Engineering News Record San Francisco Construction Cost Index from March to March.The March 2025 to March 2026 change was 0.492%.
[3] District may waive a portion (meter or installation fee) of the connection fee, circumstance depending.
[4] Additional at-cost fees will be charged when the connection is greater than 10 feet from the main (estimated at cost per foot), and for other extraordinary circumstances requiring additional work. If repaving a street is necessary, the minimum fee is $3,024.81. If the repave requires more than 4 yards of high compaction backfill, a fee of $115.57 per yard will be charged.
If the repave requires more than 200 square feet of asphalt, the fee will be $10.30 per square foot.
[5] Contrary to footnote [3], no portion of the fee is to be waived for an ADU.
[6] Excludes garage and covered outdoor areas.
[7] Capacity Fee is for any connection to the CPUD distribution system. (includes fire connection)
